

Parent Presentation

David Bouchard - *Order of Canada/Senior Editor for Rubicon and Pearson Publishers/Métis Author/Educator/Renowned conference speaker* - speaks to parents.

Over the past decade, David has spoken to parents around the world...from India to Britain...from Texas to Colorado...from Newfoundland to the NWT! His message is one that every parent should hear: Reading is the key to success for your children...in school and once they have left school.

David spells out why reading is that important. He is very clear in teaching parents how a person becomes a reader. And he offers strategies that are real and achievable for every family. He calls these his Three R's of becoming a reader.

Maya Angelou was so right when she said, "*Parents who know better – do better!*" All they need to do is know. David provides that knowledge. He also provides the inspiration necessary to go along with that knowledge.

Here is letter of invitation from one parent who witnessed the powerful impact of his parent workshop:

Dear Parents:

You are encouraged to attend a presentation by renowned Canadian author David Bouchard as he addresses our community.

This is a rare and exciting opportunity for us all. We owe it to our children to be in attendance.

David Bouchard champions reading and tackles illiteracy! His message focuses on books, reading and specific responsibilities in making our children literate! He reminds us that educators and parents alike are responsible for the state of literacy among our youth. He speaks to how, when and why we lost focus of our responsibilities in promoting literacy. He offers a realistic, practical solution to the problem.

Bouchard also offers his audiences a sense of how language, rhythms and fine art can come together to inspire, teach and form ageless beauty.

"David Bouchard is, without a doubt, THE most dynamic & inspirational speaker I have ever heard! His memory lives large! He and his message are unforgettable!!!!!" A teacher's response after hearing David's keynote speech to a British Columbia School District.
